## Call for Abstracts

# NCG Symposium 2018

**Wageningen University, 29 November 2018**

The Netherlands Center for Geodesy and Geo-informatics (NCG) uses its annual symposium to encourage exchange of ideas and discussion of scientific research in the Netherlands in the field of Geodesy and Geo-informatics.

The NCG calls for abstracts of scientific research results to be presented at the NCG Symposium 2018. Abstracts are welcomed on all topics in the field of geodesy and geo-informatics. To stimulate discussion staff members of universities participating in the NCG have been asked to coordinate sessions on topics like 3D geo-information, monitoring, point clouds, indoor geo-information, governance, precision farming, forestry, and crowd sourcing. Further sessions are available to accommodate presentations on other topics.

Based on abstract reviewing the programme committee will select the abstracts for oral presentations. The deadline for abstract submission is **1 October** Authors shall be notified by **10 October**. Please use the form on the next page to prepare your abstract.

The symposium will be held at the campus of the Wageningen University. We're looking forward to your presentations.
